ANNUAL REPORT

1937-1938

September 1, 1938

Board of Education
Plainfield, New Jersey

Gentlemen:

In submitting my 12th annual report as superintendent of schools, I wish first to make acknowledgment to those persons and organizations which have made the year a successful one.

The Board of Education has given unstintingly of the time of its members to the problems which have arisen during the year, and has maintained its unfailing support of the efforts of the administration and teaching staff, in initiating changes and new developments, which are and will be of benefit to the system.

Praise cannot be too positive and sincere to principals, supervisors, and teachers who have maintained a loyalty to the ethics and ideals of their profession. Especial reference is made to their interested efforts, without which the excellence of the schools cannot be maintained or progressive changes made.

Our school system is a large cooperative human enterprise based on the ideal of accomplishing every possible benefit for the boys and girls in its charge. Successful administration cannot be had unless all, engaged in teaching and administering, hold to those ideas and ideals, which we hope to make a part of the character and education of the pupils in our charge.

The Children's Council has continued its effective work during the year. Its intramural council and case work committee have aided in investigating several cases of school and social maladjustment. With the aid of cooperating agencies, effective disposition of cases has been made. The sympathetic and efficient cooperation of the police and the public welfare departments, the Charity Organization Society, the Visiting Nurses Association, the officers of the County Probation Office, and experts from the State agencies, has aided the Council in every possible way.

The work of the Council was advanced by the assistance of officers of the police department. Their supervision of boys, working in street trades, contributed greatly in controlling after-school activities, as did their work with the management of local theatres in the regulation of attendance of boys and girls at motion pictures. The continuance of police assistance in furthering the safety work in the streets and schools has

been of vital importance in improving this feature of our educational program. Its sponsorship of a paid worker, to visit problem cases and to secure big brothers for some of them, is deserving of commendation.

The parent teacher associations, representing the active interest of many patrons have continued actively in the interpretation and understanding of the aims of the schools to its members, and have created a feeling of friendly understanding between parent, teachers, and pupils.

The assistance of the above departments and agencies is gratefully recognized.

In the purchase of school sites, the Board of Education made two notable steps in the development of its building program. It purchased a large lot on Leland Avenue, 15.59 acres in extent, on which will be constructed an elementary school for the neighborhood. This lot is perfectly situated to serve the district. The district for the school will be taken from the Maxson and Evergreen school districts. This lot is a part of the largest undeveloped area in Plainfield. The new school will be in a section in which a favorable home development has been underway for some years.

The lot purchased on the corner of East Front Street and Farragut Road is in a beautiful part of the city, where a large tract is in the process of residential construction. The school on this plot will provide modern school facilities for this area. With additions at future dates, it is expected that it will aid in permitting the abandonment of some one or more obsolete elementary schools.

In most cases the school system has suffered because of the placing of buildings on lots of most inadequate size. It is pleasing to know that the above two pieces of ground are generous in size for the buildings which will be needed.

Further study of future land needs of the system should be made toward acquiring sites for future construction. It is hoped that progress can be made at reasonably early dates to reduce the crowded conditions in the high school, which will probably be more acute than ever in 1938-1939.

The lip reading classes conducted for hard of hearing pupils in the elementary and high schools increased considerably in enrollment over last year. The greatest increase was in the high school. It is known that a much larger number of pupils should be having this instruction. Our present system of examination does not scientifically determine the hearing loss of individuals. The decision of the Board of Education to purchase audiometers for group and individual testing for use next year will permit early determination of

deficient hearing. It is expected that the number of pupils for whom medical treatment will be recommended will be increased. A study of the test records will determine those pupils who should be placed in lipreading classes. A number of pupils, by proper early medical or educational treatment, will make regular progress in school, instead of being subject to school failure.

In my last report, I recommended the employment of a full time person to act as personnel officer in aiding high school students and graduates to secure positions, and to follow them up after employment to give them vocational and educational direction. On account of budgetary considerations, decision to employ such a person has not been made. I hope that it will soon be possible to add this service to the high school guidance department.

The guidance work has increased in effectiveness during the year. As we progress in experience, it can be expected that this valuable feature will be extended in scope and understanding by parents, pupils and teachers.

Below is a comparison of enrollments for the last five years:

AVERAGE ENROLLMENT

	Elementary	High School	Total
1933-1934	5183	1755	6938
1934-1935	5098	1747	6843
1935-1936	5105	1736	6841
1936-1937	5081	1753	6834
1937-1938	4983	1705	6688

The average enrollment decreased 146 from the previous year. Of the decrease 48 was in the high school and 98 in the elementary schools.

Respectfully submitted,

F. W. COOK

Superintendent of Schools.

TRUANCY

1937-1938

From a total of 2401 cases reported for school absence investigation in the past nine months of the school year, 122 pupils were truant. (The June report is not included) A tabulation of trancies from various schools follows:

School	Sept.	Oct.	Nov.	Dec.	Jan.	Feb.	Mar.	Apr.	May	Total
Bryant	1	0	1	0	1	2	0	0	3	8
Emerson	0	0	0	0	2	1	1	1	3	8
Evergreen	0	1	0	0	1	0	0	3	3	8
Franklin	0	1	3	1	1	0	0	1	0	7
Hubbard	1	1	0	0	4	2	0	1	1	10
Irving	0	0	0	0	0	0	0	0	0	0
Jefferson	0	0	0	0	0	0	0	0	0	0
Lincoln	0	0	0	0	0	0	0	0	1	1
Maxson	0	0	0	0	0	0	0	2	0	2
Stillman	1	1	0	3	2	1	4	4	8	24
Washington	0	0	3	0	0	1	2	3	2	11
Whittier	0	2	0	0	0	1	1	0	0	4
High School	4	9	4	11	8	1	14	10	17	88
Cont. School	0	1	1	0	0	0	0	0	1	3
St. Mary's	4	4	0	0	1	0	0	0	0	9
St. Bernard's	0	0	0	0	0	0	0	0	0	0
Total	11	20	12	15	20	19	22	26	38	122

Three schools had no reported truancy: Irving, Jefferson and St. Bernard's. 72% of the truants were High School pupils.

The number of cases of truancy for the past ten years follows:

1928	1929	1930	1931	1932	1933	1934	1935	1936	1937
119	146	109	56	129	72	109	131	134	129

There were 74,342 days of absence from all public schools during these nine months. (The figure for the two parochial schools is not yet available). The total number of days truant from public and parochial schools totals 211 days distributed by months as follows:

Sept.	Oct.	Nov.	Dec.	Jan.	Feb.	Mar.	Apr.	May	Total
22½	16	11½	19½	29	19	22½	46	25	211

There were 100 boy and 22 girl truants in the following age groups:

9—11 yrs.	12—15 yrs.	16—19 yrs.
12	69	41

Investigation revealed something about home supervision which has been classified as good, fair and poor in the following proportion:

Good	Fair	Poor
30	13	79

There were four families with 2 truants, 1 family with 3 truants, and 1 family with 4 children truant during the past nine months.

91 children were truant only once, 19 twice, 6 three times, 5 four times and 1 five times.

Investigation occasionally revealed whether the truant was a good student as classified below:

Good	Fair	Poor	No report
5	7	54	56

The Nationalities of the truant group:

American	Negro	Italian	Polish	German	Irish	Jewish
25	43	43	8	2	2	1

The religions of the truant group:

Catholic	Protestant	Jewish	Unknown
58	28	1	35

It is difficult to draw sweeping conclusions from the above study, but it seems evident that (1) poor home supervision and poor school adjustment are important factors in the lives of these children who have been truant, and (2) that provision for more study of these factors would be profitable from a preventive standpoint.

DOROTHY S. PUTNAM
Attendance Supervisor

PLAINFIELD HIGH SCHOOL

PRIZE LIST, 1938

MATHEMATICS

The Dr. C. H. Stillman prize given by Mrs. William Stillman
Senior Scientific Mathematics, fifteen dollars

Robert Gundlach

Senior Classical Mathematics, ten dollars

Grace Lakin

ENGLISH COMPOSITION

The George H. Goddard prizes, given by the Family of George
H. Goddard to the pupils of the three upper classes writing
the best composition.

First prize, ten dollars

Jeanette Friese

Second prize, five dollars

Robert Gundlach

Honorable Mention

Irma Manzelli

Gresham Sykes

The Courier-News Prize for the best essay on a topic relating
to municipal affairs, written by a member of the senior class.

Prize, ten dollars

Bertram Shiff

Honorable Mention

Harry Poole

LATIN

Given by a friend. For the highest standing in Latin IV, a
prize of books is offered.

Gilbert Colestock

For second place in Latin IV, a prize of books is offered.

Janet Pearsall

Books given by a friend. For highest score in examinations in
Latin III.

Sadie Greenblatt

For the greatest improvement in Latin III.

Hadassah Rosenbaum

SCIENCE

Physics

A prize of ten dollars given by Mr. J. I. Lyle to the pupil who has done the best work in Physics during the year.

Prize James Comins

Chemistry

A prize of ten dollars given by Mr. Levis M. Booth to the pupil who has done the best work in chemistry during the year.

Prize Richard Davies

FRENCH

Awards of Alliance Française for excellence in French.

First prize, (Medal)

Grace Lakin

Honorable Mention

Jane Brower

GERMAN

A prize of a book given by the Steuben Society of the Plainfields to the American born pupil who has done the best work in three years of German.

Marie Bertram

LIBRARY

In appreciation for loyal and efficient service in the school library, the Plainfield High School Library Council presents awards to the following seniors :
